

My name is Anthony Tommaso, & a lot of people consider me a "computer nerd". I love computers & technology, so choosing a major was an obvious choice for me. I grew up in the borough of Queens, New York, and I'm half Italian and Irish. I also grew up as a middle child. As a brother, with two sisters, an older brother, parents, and my two cats, there is never a dull moment in my house!

YEAAAAH!!
STEM MAJOR!!

WHAT ARE ALL THE DIFFERENT HATS THAT WE WEAR AND ALL THE IDENTITIES WE IDENTIFY WITH? HOW DO WE SEE THEM REFLECTED IN THE ENVIRONMENTS AND COMMUNITIES WE ASSOCIATE WITH?

That it is stupid. -Albert Einstein

It's all about your interests. There is always more to knowing to live. And you can't know to know on the things you are not. The questions you naturally ask themselves you present. The things that make you a person, what do you love about yourself? What time you do that you are most proud of? What would you be right? What would... things are such things!

- Stress balls make me stressed

Avraham Av: Avraham Av's interactions with my surroundings are almost always defined by my unique blend of being queer and Bukharan. Bukharan is a hybrid Middle Eastern culture, Bukharans are my family-owned, traditional, and unwaveringly Muslim in upbringing, different ideals, and unwaveringly Muslim in one or two embrace their Bukharan or traditional culture and their other values, queer, justice, social equality, human, progressive leadership, and SD race more.
